FPP2/KN95 Respiratory Face Mask

Intelligent Medical Services Producers Factory is one of a few medical-grade facemask's factories in the area. IMS Factory is a part of Anfas Group that has been established in 2012. Our policy is to produce high-quality products that meet and exceed our client's requirements. IMS factory has the ISO 9001:2015 certificate and our Surgical Facemasks are CE-Marked; thus, it meets the European Requirements.

IMS Respiratory mask is a single use, disposable surgical face masks. The masks are made of 5 layers of high quality Non-Woven polypropylene fabric with extensive filtration. IMS masks are resistant to blood and bodily fluids.

Product Dimensions

Length 17.5 cm X Width 9.5 cm

Pack Dimensions

Length 11.5 cm X Width 8 cm
Height 18.5 cm

FFP2/KN95 MASK DESCRIPTION

IMS MASKS WILL LIVE UP
TO YOUR EXPECTATIONS

IMS non-valved protective masks cover the user's nose and mouth and provide physical barrier to particulate materials. IMS FFP2 mask is a single use, multi-layers disposable mask. It introduces so many excellent features such as, the soft material which makes the mask-wearing more comfortable, two elastic headbands for a more secure mask-adjustment and it is more lightweight and easier to carry since it is a non-valved respirator.

IMS respirators passed the Penetration of Filter Material test according to EN 149:2001+A1, which concerns the protection against particles.

The Key To Success!

Our Quality Policy is to satisfy our customers and exceed their expectations.
